 - Onboarding and support from SUMAssure

Protect your community and prevent claims with a digital tool to identify and document risks.

Why Loss Prevention Matters to Your Municipality

Each member municipality has a vested interest in preventing losses. By preventing losses, you help:

- Protect municipal assets and infrastructure
- Avoid the inconvenience of going through the claims process
- Reduce future claim costs which creates equity for members
- Support a safer, more resilient community

What the Loss Prevention Program Can Do For You

The Loss Prevention Program gives you the ability to:

- Identify risks early
- Document, track and mitigate any potential liability and property related exposures within your facilities
- Take proactive action to reduce losses
- Conduct standardized inspections for risk identification
- Maintain supporting documentation in the event of a claim

If you have questions or need help with this or other risk-mitigation strategies, please contact your SUMAssure representative.
